Intelsat Jackson's obligation to accept for purchase, and to pay for, Securities validly tendered pursuant to the Tender Offers is subject to, and conditioned upon, having obtained debt financing (the "New Debt Financing") in a minimum aggregate principal amount that will generate sufficient proceeds, in addition to cash on hand, to purchase the tendered Securities, including payment of the Tender Offer Consideration or Total Consideration, as applicable, and any fees payable in connection with the Tender Offers, subsequent to the date hereof and on or prior to the Final Settlement Date, on terms and conditions reasonably satisfactory to Intelsat Jackson (the "Financing Condition"). Intelsat Jackson's current intention is to satisfy the Financing Condition by issuing long-term senior secured debt securities but, subject to market conditions and at Intelsat Jackson's sole discretion, Intelsat Jackson may elect to enter into alternative debt financing. There can be no assurance any such New Debt Financing will be available, and thus no assurance that the Financing Condition will be satisfied.
